Using Online Tools to
Maximize Online Learning

Polling and Surveying

Learning Objectives

By the end of today's session, participants will be able to do the following:

- Identify different online learning applications and tools to create surveys and polls.
- Work collaboratively to create a sample poll for a mock class.

Agenda

- How can polling and surveying tools be used in an online classroom?
- How to use Zoom polling
- How to use Mentimeter
- How to use Microsoft Forms
- How to use Perusall
- Group Work

How can polling and surveying tools be used in an online classroom?

How can polling and surveying tools be used in an online classroom?

|	
01	To collect information from students
02	To reinforce learning
03	To increase engagement

Mentimeter

Microsoft Forms

Perusall

Group Work

You are teaching a one-hour Biology class on zoom. Today is the first day of class.

Create a poll or survey for the class to complete. This poll or survey should be used to get to know your students. Please use mentimeter or microsoft forms to do this.
